some of their stories

"Four Winds has helped me in so many ways. With my parenting skills, building a better support system, guidance with my finances, and other things I needed to grow as a mom and a person. Before I found out about Four Winds, I felt like my situation was a loss cause. But now I have been able to regain custody of my girls and grow as a parent."
- Becky

When my children and I begin counselling at Four Winds I had no idea the difference and impact it would make in our lives. It provided an incredible amount of guidance and I always looked forward to my sessions. I will forever be grateful to every single person there. Thank you so much for believing in me and supporting my family through one of the most tragic periods of our lives." - Michlynn

"I just want to say, Four Winds has helped me so much in such a short amount of time. Realizing my short comings and helping me correct myself in ways that I never imagined. They've also helped my mom so much along the way we are now working as a team to get to where God wants us to be! Thank y'all. We love y'all beyond measures."
